## Optimising management of type 2 diabetes

### Why participate in a Clinical e-Audit?

- Promotes time effective work practices; systematically identifies patients for review.
- Enables a continuing process of quality improvement with individual feedback and peer review.

### Features of Clinical e-Audit

- NEW intuitive design and feedback functions.
- Real time patient-specific feedback, using best practice clinical indicators.
- Snapshot of action planned for each patient.

This clinical audit has been approved by: the RACGP QA&CPD program, total points: 40 (category 1) in the 2008–2010 triennium, and the ACRRM PD Program, 30 points (extended skills).

### Enrol NOW for your FREE Clinical e-Audit

✓ Fill in your details below and return to NPS before Friday 9 January 2009 to enable completion of the audit before 30 April 2009 for the current QPI cycle. Participation available until April 2010.

NPS consults widely with general practitioners in the development of quality assurance activities.

Yes, I am interested in participating in the development of NPS quality assurance activities.
